Column 2 (Head tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "Polish" appearing under the head of race or people does not mean "Polish" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom last passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (Whether in possession of \$20, and if so, how much).—The answer should give in each case (individual or family), the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1893-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

solemnly, sincerely, and truly swear that I have had 21 years' experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of B.M.C.

condition of such aliens.

Column 4 (Sex).—The entry should be either M (male) or F (female).

Column 5 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, J. T. W. CHARLES, of the AQUITANIA, from SOUTHAMPTON, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 9 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinina) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in
the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and
the language they speak. The original stock or blood shall be the basis of the classi-
fication, the mother tongue to be used only to assist in determining the original stock.

I, J. T. W. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head for status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "Franco" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "Franco" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, B. SYDNEY JONES, Surgeon of the AQUITANIA, SAILING THEREWITH, do solemnly, sincerely, and truly SWEAR that I have had 29 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of B. M. C., and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 9 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Note.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, J. T. W. CHARLES, of the AQUITANIA, from SOUTHAMPTON, do solemnly, sincerely, and truly SWEAR that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 9 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

COMMANDING Officer.

Sworn to before me this 18 day of August, 1917,
at NEW YORK.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months; the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (males) or F (females).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply an engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (RACE).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Friuli) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi, and Molise; Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town, of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50, and if so, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 28, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, B. SYDNEY JONES, Surgeon of the ACQUITANIA, SAILING THEREWITH, do solemnly, sincerely, and truly SWEAR that I have had 29 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of B. M. C., and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 9 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, L. T. W. CHARLES, of the AQUITANE, from SOUTHAMPTON, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 9 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Latin dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 25, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

B. SYDNEY JONES, Surgeon of the **AGUITANIA**, **SAILING THEREWITH**, do solemnly, sincerely, and truly **SWEAR** that I have had **29** years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of **B. M. C.**, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **9** in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Sworn to before me this **18** day of **April**, 19**11**,
at **NEW YORK**.

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

Note.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, J. T. W. CHARLES, of the ARGENTANIA, from SOUTHAMPTON, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 9 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

COMMENDING Officer.

Sworn to before me this 18 AUGUST day of 19,

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Rank or status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply an engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "Irish, German, or Hebrew" alien by the head of race or people does not mean "Irish, German, or Hebrew" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a "valle dialect of the Italian language."

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$20, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, B. SYDNEY JONES, Surgeon of the AGUITANIA, SAILING THEREWITH, do
 solemnly, sincerely, and truly SWEAR that I have had 29 years' experience as a Physician
 and Surgeon, and that I am entitled to practice as such by and under the authority of B. M. C.
 _____, and that I have made a personal examination of
 each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 9 in number, according
 to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
 condition of such aliens.

Sworn to before me this 18 day of April, 1922, 19

 (Signature and title of Immigration or other officer authorized to administer oaths)
 Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in
 the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
 If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, mother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

I, J. T. W. CHARLES, of the AQUITANIA, from SOUTHAMPTON, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 9 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: (Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply an engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, mother, or other relative, friend, steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, B. SYDNEY JONES, Surgeon of the AQUITAINE, SAILING THEREWITH, do

 and Surgeon, and that I am entitled to practice as such by and under the authority of B. M. C.

Arriving at Port of NEW YORK, 16th Aug. 1922, 1922

Notes.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, J. I. W. CHARLES, of the AQUITANIA, from SOUTHAMPTON, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 9 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

[Signature]
COMMANDING Officer.

Sworn to before me this 15 day of August, 1917
at NEW YORK

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply an engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, mother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join relative or friend; and if so, what relative or friend, with name and complete address.

Column 19 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 20 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join relative or friend; and if so, what relative or friend, with name and complete address.

Columns 21 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Record on this blank United States citizens and citizens of insular possessions of the United States arriving at a port of continental United States from a foreign port or a port of the insular possessions of the United States, and such citizens arriving at a port of said insular possessions from a foreign port, a port of continental United States, or a port of another insular possession.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

NEW YORK

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, J. T. W. CHARLES, of the AQUITANIA, from SOUTHAMPTON, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheet 21 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

W. H. C. C.
COMMANDING Officer.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Heading status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, civil engineer, steamship engineer, electrician, miner, engineer, mine engineer, brass polisher, steel polisher, iron boiler, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Able to read and write*).—This column should be filled in as follows: "Yes" if the alien can read and write the language of his country; "No" if he cannot. In answering this question the language or dialect the alien is able to read should be stated. If an alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACKS).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Liguria, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)". Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marche, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)".
Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States".
Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town, of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (*Whether in possession of \$20, and if so, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, B. SYDNEY JONES, Surgeon of the AQUILANIA, SAILING THEREWITH, do solemnly, sincerely, and truly swear that I have had 28 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of B. M. C. and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 21 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Sworn to before me this 31 day of July, 1917,
at NEW YORK

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardeina) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, B. SYDNEY JONES, Surgeon of the AGUTANIA, do
solemnly, sincerely, and truly SWear that I have had ON years' experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of E. M. C.
, and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 21 in number, according
to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

Note.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of a class of persons, or who advocates or teaches the duty, necessity, or propriety of the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful destruction of property.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

J. T. W. CHARLES.

I, J. T. W. CHARLES, of the AQUITANIA, from SOUTHAMPTON, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets 21 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to each final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 23, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

68

I, B. SYDNEY JONES, Surgeon of the SS. CANA, SAILING THEREWITH, do
solemnly, sincerely, and truly SWELR that I have had 28 years' experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of M. C.
and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 41 in number, according
to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

Sworn to before me this 18 day of April, 1922

at NEW YORK

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in
the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and
the language they speak. The original stock or blood shall be the basis of the classifi-
cation, the mother tongue to be used only to assist in determining the original stock.

African (black).	Greek.	Roumanian.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race of people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 19 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or who advocates or teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, J. T. W. CHARLES, of the AQUITANIA, from SOUTHAMPTON, do solemnly, sincerely, and truly that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply an engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country, of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarfina) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1891-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, B. SYDNEY JONES, Surgeon of the ANIA, do
solemnly, sincerely, and truly SWEAR that I have had 28 years' experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of B. M. C.
and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 21 in number, according
to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

Sworn to before me this 18 day of APRIL, 19
at NEW YORK

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in
the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

Note.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, John William Mackay, Captain of Ship, of the UNITED STATES, from SOUTHAMPTON, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 21 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 7 (*Tied-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 8 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 9 (*Sex*).—The entry should be either M (male) or F (female).

Column 10 (*Married or single*).—The answer should be M (married), S (single), WD (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, the civil engineer, stationary engineer, locomotive engineer, mining engineer, bricklayer, publisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction in the manifests, and directions should be made, if necessary, by inspectors when making this distinction in the question.

Column 11 (*Able to read and write*).—This column is subdivided and contains the following question:

"Does this language [or, if exemption is claimed, upon what ground?]" In answering this question, the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the heading of country does not mean "French" by race or people, and, similarly, "French" appearing under the heading of country does not mean "France" by race or people. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinina) and their descendants should be classed as "Italian (south)." — *Column 11 (Whether permanent residence).—*Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

*Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—*The entry should give name and address of such relative. If no such relative living, give name and address of friend.

*Column 13 (Final destination).—*The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

*Column 15 (Whether having a ticket to such final destination).—*The answer should be either Yes (ticket) or No (no ticket).

*Column 16 (City whom was passage paid).—*The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

*Column 17 (Whether in possession of \$50, and if less, how much).—*The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

*Column 18 (Whether ever in the United States; and if so, when and where).—*The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

*Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—*The answers should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

*Column 20 to 23.—*These questions are self-explanatory and the answers, like all others on the sheet are to be given to the agent by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, B. STONEY JONES, Surgeon of the AG. TANIA, SAILING THEREWITH, do solemnly, sincerely, and truly SWEAR that I have had 28 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of _____, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, _____ in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Column 18 (*Whether ever before in the United States before, and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 29, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinina) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894 (San Francisco, Philadelphia).

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

84

I, D. T. C. and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 21 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Sworn to before me this 11 day of April, 1922,

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who believes in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government, or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States, or any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, J. T. W. CHARLES, of the AQUINIA, from SOUTHAMPTON, do solemnly, sincerely, and truly SWEAR that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 21 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, miner, painter, steel polisher, iron molder, wood turner, etc., and not simply as engineer, painter, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardeina) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, J. T. W. CHAPMAN, of the ACQUATANIA, from SAUTHAMPTON, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 1 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

John T. W. Chapman

First Officer.

Sworn to before me this 18th day of April, 1911

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 16 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1895, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

SAILING THEREWITH

88

I, D. SIDNEY JONES, Surgeon of the ITALIA, do solemnly, sincerely, and truly SWEAR that I have had 21 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of U. M. C., and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 21 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Note:—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, J. T. W. HARRIS, of the AQUITANIA, from SOUTHAMPTON, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheet 21 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

J. T. W. Harris
COMMANDING Officer.

Sworn to before me this 11 day of April, 1922
at NEW YORK.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:
CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, J. SYDNEY JONES, Surgeon of the ALBANY, SAILING THEREWITH, do
 solemnly, sincerely, and truly swear that I have had 29 years' experience as a Physician
 and Surgeon, and that I am entitled to practice as such by and under the authority of J. M. C.
 and that I have made a personal examination of
 each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 21 in number, according
 to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
 condition of such aliens.

Sworn to before me this 1st day of April, 1917

at NEW YORK

(Signature and title of immigration or other officer authorized to administer oaths)

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in
 the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
 If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and
 the language they speak. The original stock or blood shall be the basis of the classifi-
 cation, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (First destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assembling or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

C.1
I, W. CHARLES, of the Southampton, from Southampton, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 21 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

W. Charles
COMMANDING Officer.

Sworn to before me this 18 AUG 1922 day of August, 1922
at Southampton

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States, country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, A. SYDNEY JONES, Surgeon of the TAHIA, SAILING THEREWITH, do
solemnly, sincerely, and truly SWEAR that I have had 28 years' experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of B. M. C.
and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 21 in number, according
to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

Sworn to before me this 10 day of 1922, 19
at San Francisco

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Record on this blank United States citizens and citizens of insular possessions of the United States arriving at a port of continental United States from a foreign port or a port of the insular possessions of the United States, and such citizens arriving at a port of said insular possessions from a foreign port, a port of continental United States, or a port of another insular possession.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "French" appearing under head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of "aliens who are permanent residents of the United States" and are returning from a visit abroad should be recorded "United States."
Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 28, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH-AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Headline status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Abile to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Frederick Roberts, Master, of the P^{le} Pres. Wilson, from TRIESTE, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, Twentyseven in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 15 day of Aug, 1922

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who believes in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER.

Stephen Robert Master of the **P^{to} Pres. Wilson**, from **TRIESTE**, do solemnly/sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, *Twenty-six* in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Ranking status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—A list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinina) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Dr. Fasciolo Tomeriso, Surgeon of the U.S. Pres. Wilson, ^{employed by owner thereof, do}
solemnly, sincerely, and truly ~~swear~~ that I have had eleven ^{years' experience as a Physician}
and Surgeon, and that I am entitled to practice as such by and under the authority of University
of Geneva, and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, twenty-eight in number, according
to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow of the Government of the United States or of all forms of law, or who believes in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER.

I, Ruparich Roberts, Master, of the P^{re} Pres. Wilson, from TRIESTE, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, thirty in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend, steamship company, etc.

Column 16 (*Whether in possession of \$20, and if so, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Dr. Fasciolo Lawrence, Surgeon of the U.S. Pres. Wilson, ^{employed by owner thereof do}
solemnly, sincerely, and truly swear that I have had eleven ^{years' experience as a Physician}
and Surgeon, and that I am entitled to practice as such by and under the authority of University
of Geneva, and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, twentyfour in number, according
to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

Sworn to before me this 18 day of Aug, 1922
at New York

(Signature and title of immigration or other officer authorized to administer oaths)

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in
the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and
the language they speak. The original stock or blood shall be the basis of the classifi-
cation, the mother tongue to be used only to assist in determining the original stock.

African (black).	Greek.	Roumanian.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Augustus Robert Master, of the Pt. Pres. Wilson, from TRIESTE, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, twentyfour in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 18 day of Aug, 1922

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Dr. Pascual Suenens, Surgeon of the U.S. Pres. Wilson employed by owner thereof, do solemnly, sincerely, and truly swear that I have had eleven years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of University of Geneva, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, twenty-two in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Therapich Robert Master, of the P^o Pres. Wilson, from TRIESTE, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, twenty-seven in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: (civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Dr. Pascolo Lomenio, Surgeon of the U. S. Pres. Wilson ^{employed by owner thereof}
solemnly, sincerely, and truly swear that I have had eleven ^{years' experience as a Physician}
and Surgeon, and that I am entitled to practice as such by and under the authority of University
of Geneva, and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, twenty-nine in number, according
to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow of the Government of the United States by force or violence, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officers, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, or who advocates the overthrow of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING-OFFICER, OR FIRST OR SECOND OFFICER

I, Superick Roberto Master, of the P^{to} Pres. Wilson, from TRIESTE, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, no entry in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to each final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 19 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Dr. Pasquale Lomenico, Surgeon of the P^{re}s. Wilson employed by owner thereof
solemnly, sincerely, and truly swear that I have had eleven years' experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of University
of Geneva, and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, twentyone in number, according
to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

LIST OF RACES OR PEOPLES

Note.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of, or affiliated with, any organization entertaining and teaching disbeliefs in or opposition to organized government or which teaches the unlawful destruction of property, or the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

Superior Robert, Master of the **P^{le} Pres. Wilson**, from **TRIESTE**, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, *twenty-eight* in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Superior Robert
Master officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject; country of last permanent residence, and country of birth, and manifests should be carefully checked by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Russian alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.
"West Indian" refers to the people of the West Indies other than Cuban or Negroes.

SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN INDIAN.
"African Indian" refers to the African Negro, whether coming from Africa or other islands of the West Indies, North America, Europe, or Africa. Any alien with admittance at issue of the African Negro should be classified under this heading.

ITALIAN (NORTH).
The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).
The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Apulia, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." (Column 11: Last permanent residence.)—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12: Name and complete address of nearest relative or friend in country whence alien came.—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13: Final destination.—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14: If alien having a ticket to such final destination.—The answer should be either Yes (checked) or No (checked).

Column 15: By whom is passage paid.—The entry should show definitely by whom passage was paid, as self, husband, father, mother, or other relative, friend, steamship company, etc.

Column 17: Whether in possession of \$5, and if so, how much.—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18: Whether ever before in the United States, and if so, when and where.—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place in 1894-1907, Philadelphia.

Column 19: Whether going to join relative or friend, and if so, what relative or friend.—The answer should show whether going to join other relative or friend, and if so, what relative or friend, with name and complete address.

Column 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to review by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Dr. Pasciolo Louenico, Surgeon of the P^h Pres. Wilson, do solemnly, sincerely, and truly swear that I have had eleven years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of University of Geneva, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, twenty-eight in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Superior Robert Master, of the P^{re}s. Wilson, from TRIESTE, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, twenty-eight in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 18 day of Aug, 1922
at New York
W. J. Mayne
Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as craftsman, worker, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language or, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." (Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Dr. Fasciolo Lumenzo, Surgeon of the P^{te} Pres. Wilson employed by owner through
solemnly, sincerely, and truly swear that I have had eleven years' experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of University
of Geneva, and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, thirty in number, according
to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

Superick Roberts, Master, of the P^h Pres. Wilson, from TRIESTE, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, thirty in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Master officer.

Sworn to before me this 16 day of Aug, 19 22

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Record on this blank United States citizens and citizens of insular possessions of the United States arriving at a port of continental United States from a foreign port or a port of the insular possessions of the United States, and such citizens arriving at a port of said insular possessions from a foreign port, a port of continental United States, or a port of another insular possession.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Aosta, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)". Most of these people speak a traffic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that part of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)".

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States".

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Therapich Roberts, Master of the P^{to} Pres. Wilson, from TRIESTE, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, twenty-eight number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head and status).—Steamship lines should make no entries in this column. The space is for use of immigration officers only.
Column 3 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 4 (Sex).—The entry should be either M (male) or F (female).
Column 5 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 6 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, (civil) engineer, stationary engineer, locomotive engineer, machine engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, painter, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Examination committees should make this distinction on the manifests, and corrections should be made.
Column 7 (If unable to read and write).—This column is subdivided and contains the following question: "Does said language (or if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 8 (Birthplace).—Question 8 should be construed to mean the country of which alien is a citizen or subject.
Column 9 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people to which the alien belongs.
Column 10 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States, or, if outside the United States.
Column 11 (Whether having a ticket to such final destination).—The answer should be either Yes, ticket; or No (no ticket).
Column 12 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.
Column 13 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.
Column 14 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1895, Philadelphia.
Column 15 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.
Columns 16 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States, or, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes, ticket; or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 16 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1895, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 19 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, South or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

AFFIDAVIT OF SURGEON

1, Dr. Fasciolo Lourenco, Surgeon of the P^{te} Pres. Wilson ^{employed by owner thereof} do solemnly, sincerely, and truly swear that I have had eleven ^(State whether Surgeon "acting therewith" or "employed by owner thereof," as the case may be) years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of University of Geneva, and that I have made a personal examination of each of the aliens named hereto, and that the foregoing Lists or Manifest Sheets, twenty eight number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Superior Robert, Master, of the P^o Pres. Wilson, from TRIESTE, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, fourtyeight in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head for entry*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 3 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 4 (*Sex*).—The entry should be either M (male) or F (female).
Column 5 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 6 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of one who is alien arrived, as, for example, 1. on receipt, stationary engineer, pipe fitter, electrician, rubber engineer, house painter, steel painter, wood worker, etc., and not simply an engineer, painter, rubber, farmer, or other indefinite designation.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the owner who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by responses and registers, after the personal examination of passengers.
Column 7 (*Ability to read and write*).—This column is subdivided and contains the following questions: "Read what language?" (or, if exemption is claimed, upon what ground?). In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 8 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by responses and registers, as in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "French" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Friuli) and their descendants whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town, of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 16 (*Whether in possession of \$20, and if so, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Dr. Fasciolo Lourenco, Surgeon of the P. Pres. Wilson ^{employed by none other than} solemnly, sincerely, and truly swear ^(state whether Surgeon "acting therewith" or "employed by" were therefor as the case may be) that I have had eleven years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of University of Genova, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, thirty in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Trentino) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of alien who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (Whether on possession of \$20, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1890-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 25, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

I, Stephen Robert, Master of the P^o Pres. Wilson, from TRIESTE, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, Twenty Three in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron polisher, wood turner, etc., and not simply as domestic, painter, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is still divided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question, the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia, and Liguria and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardeña, and their descendants should be classed as "Italian (south)." Most of these people speak a dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town, of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (Whether in possession of \$20, and if so, how much).—The answer should give in each case individual or family; the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Dr. Pasciolo Junior, Surgeon of the P^{to} Pres. Wilson,
 solemnly, sincerely, and truly swear that I have had eleven ^{employed by means thereof, do}
 and Surgeon, and that I am entitled to practice as such by and under the authority of University
of Geneva, and that I have made a personal examination of
 each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, twenty-nine number, according
 to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
 condition of such aliens.

Note.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Stephen Robert, Master of the P^{to} Pres. Wilson, from TRIESTE, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, twenty-nine number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head or status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), W (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as, for example, civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money chosen, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Ability to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of English, Swiss, or of any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy; i. e., compartments of Piedmont, Lombardy, Venetia, & of Friuli and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (*Whether in possession of \$50, and if so, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Dr. Fasciolo Lomenico, Surgeon of the P^{to} Pres. Wilson ^{employed by virtue thereof, do}
solemnly, sincerely, and truly swear that I have had eleven ^{years' experience as a Physician}
and Surgeon, and that I am entitled to practice as such by and under the authority of University
of Geneva, and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, twentyfive in number, according
to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (*Whether in possession of \$50, and if so, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 29, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

Richard Roberts, Master of the **P^{re} Pres. Wilson**, from **TRIESTE**, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, *thirty* in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this _____ day of _____, 1922,

W. J. Carney
 Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head of vessel).—Steamship lines should make no entries in this column. The space is for use of government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), W (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as, for example, Civil engineer, stationary engineer, locomotive engineer, painter, miller, turner, iron molder, wood turner, etc., and not simply an engineer, painter, miller, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Date of last arrival).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Saragines) and their descendants should be classed as "Italian (south)." The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence thereon. The entries for permanent residence should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 16 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Dr. Fasciolo Tamm, Surgeon of the P^{re} Pres. Wilson, employed by same, himself, do solemnly, sincerely, and truly swear that I have had eleven years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of University of Genova, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, twenty-eight number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow of the Government of the United States by force or violence, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Ruprick Boat Master, of the P^{to} Pres. Wilson, from TRISLE, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, twenty-eight number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Liguria) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place or city or town of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend, steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Dr. Fasciolo Lommu, Surgeon of the P^o Pres. Wilson ^{employed by owner thereof}, do solemnly, sincerely, and truly swear that I have had eleven years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of University of Genova, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, twenty-eight in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Sworn to before me this 15 day of Aug, 19 22

at New York

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed. If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

African (black).	Greek.	Roumanian.
Armenian.	Hebrew.	Russian.
Bohemian.	Herzegovinian.	Ruthenian (Rusniak).

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), W (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply an engineer, polisher, moulder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Liguria) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardeña) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Dr. Pascual Lomenico, Surgeon of the P^{te} Pres. Wilson, employed by means thereof, do solemnly, sincerely, and truly swear that I have had eleven years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of University of Geneva, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, twenty-nine in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Richard Roberts, Master of the P^{re} Pres. Wilson, from TRIESTE, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, twenty-nine in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head of state).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, (civil) engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country, does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classified as "Italian (north)". Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants should be classified as "Italian (south)".

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States".

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States, country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 16 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States, and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend, and if so, what relative or friend).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Dr. Fasciolo Lawrence, Surgeon of the P^{re} Pres. Wilson, employed by owner thereof do solemnly, sincerely, and truly swear that I have had eleven years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of University of Quava, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, thirty in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Sworn to before me this 15 day of Aug, 1922

at New York

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be made before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Stephen Robert Hunter, of the P^o Pres. Wilson, from TRIESTE, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, thirty in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head of state*).—Steamship lines should make no entries in this column. The space is for use of immigration officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply an estimator, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to that portion of Italy north of the basin of the River Po (i. e., compartments of Piedmont, Lombardy, Veneto, and Friuli) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)". Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)".

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States".

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States, country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (*Whether in possession of \$20, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Dr. Fasciolo Lombari, Surgeon of the P^{re} Wilson, employed by owner, vessel, do solemnly, sincerely, and truly swear that I have had eleven years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of University of Genova, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, thirty in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Note:—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Friuli) and their descendants whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States, and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 23, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Note.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of, or affiliated with, any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Suparick Roberts Master of the P^{to} Pres. Wilson, from TRIESTE, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, eleven in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this AUG 18 1922 day of AUG 18 1922, 19

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 3 (Age).—The answer in this column should be expressed in years or months; the latter applying only to those under 1 year of age.
Column 4 (Sex).—The entry should be either M (male) or F (female).
Column 5 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: (civil) engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend, steamship company, etc.

Column 17 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Dr. Fasciolo Lourenco, Surgeon of the P^{te} Pres. Wilson ^{employed by owners thereof do}
solemnly, sincerely, and truly swear that I have had eleven ^{years' experience as a Physician}
and Surgeon, and that I am entitled to practice as such by and under the authority of University
of Genoa, and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, thirty in number, according
to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbeliefs in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Stefano Roberto, Master, of the P. Pres. Wilson, from TRIESTE, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, thirty in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this AUG 18 1922 day of _____, 19

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of alien who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

I, Stefano Roberto Master of the P^{re} Pres. Wilson, from TRIESTE, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, twenty-nine in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head of state*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or languages the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend, steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Dr. Pasciolo Domenico Surgeon of the P^{re} Pres. Wilson employed by means thereof, do
solemnly, sincerely, and truly swear that I have had eleven years' experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of University
of Genova, and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, twenty-nine in number, according

condition of such aliens.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and
the language they speak. The original stock or blood shall be the basis of the classi-
fication, the mother tongue to be used only to assist in determining the original stock.

Note.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Stefano Roberto Master of the P^{re} Wilson, from TRIESTE, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, twenty-nine in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 3 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 4 (Sex).—The entry should be either M (male) or F (female).
Column 5 (Married or single).—The answer should be M (married), S (single), W (widowed), or D (divorced).
Column 6 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 7 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 8 (Nationality).—Question 8 should be construed to mean the country of which alien is a citizen or subject.
Column 9 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to each final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

82

I, Dr. Fasciolo Tommaso, Surgeon of the P^{re} Pres. Wilson, employed by contract, do solemnly, sincerely, and truly swear that I have had eleven years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of University of Genova, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, thirty in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, at which time changes that may occur en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed. If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

Column 6 (*Married or single*).—The answer should be M (married), S (single), WD (widowed), or D (deceased).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894-1897, Philadelphia.

Column 17 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Dr. Tascio Tommeco, Surgeon of the P^{re} Wilson ^{employed by owner thereof} do solemnly, sincerely, and truly swear that I have had eleven ^{years' experience as a Physician} and Surgeon, and that I am entitled to practice as such by and under the authority of University of Genova, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, twenty-nine number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Richard Robert Master of the Pt. Pres. Wilson, from TRIESTE, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, thirty in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head or status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The age must in this column be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as customer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully checked by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States, country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as 1891-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answer, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

condition of such aliens.

Note.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, whether such individual or individuals are specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official position.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Ruparick Roberto Master, of the P^{le} Pres. Wilson, from TRIESTE, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, twenty-nine number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 18 day of AUG 18 1922, 19

at NY W. J. Payne
Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 3 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 4 (Sex).—The entry should be either M (male) or F (female).
Column 5 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply carmaker, painter, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien speaks to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen, or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject. Country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country, does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by one might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States, country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (Whether in possession of \$50, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (If alien ever before in the United States, and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (If alien going to join relative or friend, and if so, what relative or friend).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 29, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Dr. Farciso Lourenco, Surgeon of the Pto Pres. Wilson ^{employed by owner through}
solemnly, sincerely, and truly swear that I have had eleven years' experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of University
of Geneva, and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, twenty-nine in number, according
to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

LIST OF RACES OR PEOPLES

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Steparick Roberto, Master of the P. Pres. Wilson, from TRIESTE, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, twenty-nine in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head, sex, status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: (a) civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people assigned in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject. Country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Romance dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided, with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, D. Fasciolo Lomenico, Surgeon of the P^{te} Pres. Wilson employed by means thereof do solemnly, sincerely, and truly swear that I have had eleven years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of University of Genova, and that I have made a personal examination of each of the aliens named Verin, and that the foregoing Lists or Manifest Sheets, thirty in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed. If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

Note.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Stuparick Robert, Master of the P^{re} Pres. Wilson, from TRIESTE, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, Twenty seven in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said Aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as carpenter, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following questions:

"Read what language (or, if exemption is claimed, upon what ground)?" In answering this question

the language or dialect the alien is able to read should be stated. If alien is unable to read and claims

exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a

citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show

the race or people assigned to each list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully

revised by inspectors and registry clerks in this regard. For instance, "French" appearing under

head of country does not mean "French" by race or people, and, similarly, "French" appearing under

head of race or people does not mean "French" by country. An Irish, German, or Hebrew alien by

race might properly come under the heading of England, Switzerland, or any other country. In this

connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Latin dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend, with name and complete address).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend, with name and complete address).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 28, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Stuparick Roberts Master of the P^o Pres. Wilson, from TRIESTE, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, Twenty-seven in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, DANTE ALIGHIERI, of the from, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Hood-tax status).—Steamship lines should make no entries in this column. This space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months; the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as, for example, coal engineer, steamship engineer, boatman, miner, engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: Read what language for, if exemption is claimed, upon what ground? In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground of exemption should be given.
Column 9 (Nationality).—Question 9 should mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See instructions for the reason people as given in each case. Special attention should be given to the country of last permanent residence reviewed by inspectors and registry clerks, and the head of race or people should be given in connection therewith.

Dalmatian.
Dutch.
East Indian.
English.
Finnish.
Flemish.
French.
German.

The entry should show of which citizen or subject the alien is, and if he is a subject of a foreign power, the name of that power should be given.
Moravian.
Pacific Island.
Polish.
Portuguese.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Friuli) and their descendants should be classed as "Italian (north)". Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)".
Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence. It is important for the entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States".
Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.
Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.
Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No), in the United States before; and if so, the year (or period of years) and place, as, 1904-1907, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 31.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 3 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 4 (Sex).—The entry should be either M (male) or F (female).
Column 5 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as, for example, civil engineer, stationary engineer, locomotive engineer, mining engineer, house painter, steel polisher, iron molder, wood turner, etc., and not simply as engineer, painter, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: Read what language (or, if exemption is claimed, upon what ground)? In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in and list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN
The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Friuli) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a dialect distinct of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (Whether in possession of \$50, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50. and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Giovanni Basso, Surgeon of the S. DANTE ALIGHIERI, sailing therewith, do solemnly, sincerely, and truly swear that I have had 16 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of _____, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 8 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

11

I, G. L. Alighieri, of the DANTE ALIGHIERI, from Italy, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 24 day of April, 1914
at W-YORK

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Hood-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of race or people does not mean "French" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Giovanni Basso, Surgeon of the S.S. DANTE ALIGHIERI, Swearing therewith, do solemnly, sincerely, and truly swear that I have had 16 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of _____, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, _____ in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Sworn to before me this 18 day of April, 1924

at NEW-YORK

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

Note.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official position.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, ANTONIO ALIGHIERI, of the UNITED STATES, from NEW YORK, do solemnly, sincerely, and truly ^(State whether Master, First, or Second Officer) that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

MASTER

Sworn to before me this AUG 18 1891 day of August, 1911
at NEW YORK

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinina) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 28, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

Canuto

I, Dr. DANTE ALIGHIERI, Surgeon of the U.S.S. Canuto, do solemnly, sincerely, and truly swear that I have had 8 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of THE STATE, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 8 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

_____ Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply an engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (ROUTE).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

5

I, Giovanni Basco, Surgeon of the R. DANTE ALIGHIERI, do
solemnly, sincerely, and truly swear that I have had 16 years' experience as a Physician

to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

the language they speak. The original stock or blood shall be the basis of the classifica-
tion, the mother tongue to be used only to assist in determining the original stock.

I, ALIGHIERI, of the GENERAL, from GENERAL, do solemnly, sincerely, and truly that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), W (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspection and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1891-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

RECORD OF ALIENS HELD

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Giovanni M. [unclear], of the ALICE [unclear], from [unclear], do solemnly, sincerely, and truly that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, [unclear] in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

MASTER

Sworn to before me this 10th day of July, 1912

at NEW YORK

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head, sex, status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as craftsman, painter, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 31.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

3

I, Dante Alighieri, Surgeon of the SS. F-16, do
solemnly, sincerely, and truly swear that I have had 16 years' experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of the State of New York,
and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 5 in number, according
to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race. Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend, steamship company, etc.
Column 17 (Whether in possession of \$20, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

RECORD OF ALIENS

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Giovanni Mangano, of the S. DANTE ALIGHIERI, from Naples, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

MASTER

Sworn to before me this 10 day of June, 1912,

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following questions: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Friuli), and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)". Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)".

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence thereon. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States".

Column 12 (Name and complete address of nearest relative or friend in country where alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Giovanni Basso, Surgeon of the S.S. NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Giovanni Mastard, of the S. DANTE ALIGHIERI, from Naples, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

MASTER.

Sworn to before me this 4 day of 1922,
at NEW-YORK

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Romance dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 31.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Giovanni Basso, Surgeon of the Italian building therein, do solemnly, sincerely, and truly swear that I have had 16 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of The Italian Consulate, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 29 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as, for example: Civil engineer, stationary engineer, steam engine engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Friuli) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 23, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Giovanni Mangano, of the S. DANTE ALIGHIERI, from Naples, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 2 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male), or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, (food engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, moulder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifest, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be especially revised by inspectors and registry clerks in this regard. For instance, "Fratue" appearing under the head of country does not mean "France" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence thereon. The entries in column 11 should show the country and city or town of last permanent residence.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894-1897, Philadelphia.

Column 18 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, GIOVANNI MONTAGNERY, of the S.S. DANTE CHIERI Naples, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 23 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

MASTER

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinina) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided, with the intention of remaining one year or more shall be the last permanent residence, regardless of length of actual residence thereon. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend, steamship company, etc.
Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States before; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

217

AFFIDAVIT OF SURGEON

I, Giovanni Basso, Surgeon of the SS DANTE ALIGHIERI, do solemnly, sincerely, and truly swear that I have had 16 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the State of Italy, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 23 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the conditions (any of the aliens must be noted on the manifest before the affidavit is executed). If an surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. "West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria (Hungary), or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to each final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 25, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Giovanni Basso, Surgeon of the S. DANTE ALIGHIERI, do
solemnly, sincerely, and truly swear that I have had 10 years' experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of the State of Italy,
and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 28 in number, according
to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Giovanni Senger, of the S. DANTE, from Naples, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 23 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Food-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply an engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors, and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under head of country does not mean "French" by race or people, and, similarly, "German" or "Hebrew" alien by the head of race or people does not mean "German" or "Hebrew" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this case the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)". Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)".
Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of those who are permanent residents of the United States and are returning from a visit abroad, should be recorded "United States."
Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.
Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).
Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.
Column 16 (Whether in possession of \$20, and if so, how much).—The answer should give in each case the exact amount of money shown. Money brought by the head of a family should (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.
Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.
Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.
Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

214

I, Giovanni Baaro, Surgeon of the S. DANTE ALIGHIERI sailing therewith, do solemnly, sincerely, and truly swear that I have had 5 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the Italian Government, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 1 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

RECORD OF ALIENS

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Giovanni Mangano, of the S. DANIE ALICHERI, from Italy, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith; or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 21 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), W (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as customer, peddler, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)". Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)".

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 16 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

173

I, Giovanni Basso, Surgeon of the SS. DANIELE ALIGHIERI, do
solemnly, sincerely, and truly swear that I have had 16 years' experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of the Italian Government,
and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 1 in number, according
to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in
the condition of any of the aliens must be noted on the manifest but not the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and
the language they speak. The original stock or blood shall be the basis of the classifica-
tion, the mother tongue to be used only to assist in determining the original stock.

RECORD OF ALIENS

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Giovanni Manganaro, of the S.S. DANTE ALIGHIERI, from Naples, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 12 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: (a) oil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply an engineer, polisher, molder, turner, or another indefinite designation.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "French" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinina) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence, regardless of length of actual residence thereon. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of \$20, and if so, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 25, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Note.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, , of the SS DANTE MONTORI, from Naples, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 24 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

MASTER

Sworn to before me this 18 day of May, 19 1914
at NEW-YORK

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.
Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.
Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.
Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.
Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.
Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Giovanni Basso, Surgeon of the DANTE ALIGHIERI, do
solemnly, sincerely, and truly swear that I have had 16 years' experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of the Italian
and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 23 in number, according
to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in
the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and
the language they speak. The original stock or blood shall be the basis of the classi-
fication, the mother tongue to be used only to assist in determining the original stock.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, GIUSEPPE MARI, of the SS. DANTE ALIGHIERI, from Italy, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 23 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

MASTER

Sworn to before me this 18 day of 19

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, (civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of alien who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$20, and if so, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of alien. However, in answer to question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

RECORD OF ALIENS HELD

AFFIDAVIT OF SURGEON

I, Giovanni Basso, Surgeon of the S. DANTE ALIGHIERI, do solemnly, sincerely, and truly swear that I have had 14 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the Italian Government, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 2 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Sworn to before me this AUG 18 1922 day of 19

at NEW-YORK

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed. If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

African (black).	Greek.	Roumanian.
Armenian.	Hebrew.	Russian.

I, 10 10 10, of the 8 DANTE ALIGHIERI, from Naples, do
(State whether Master, Pilot, or Second Officer)
solemnly, sincerely, and truly Swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon
employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the
foregoing Lists or Manifest Sheets, 1 in number, and that from the report of said surgeon and from my own
investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by
section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in
said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age) — The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

(column 6) *(Married or single).*—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

D (divorced).
(column 7 (*Calling or occupation*))—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, steam engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply: Engineer, molder, turner, etc.

A distinction should be made between farmers and farm laborers, regardless of the amount of money

A farm laborer is one who works on a farm for the man who operates it.

if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*)—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claim exemption on the ground for such exemption should be given.

the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9: *Nationality*.—Question 9 should be construed to mean the country of which alien is a

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be careful.

subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of country does not mean "France" by country. An Irish, German, or Hebrew alien by

the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

“Spanish American” refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Calabria, Sicily, and Sardinia) should be classed as "Italian (south)".

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year shall be the country of permanent residence, if the duration of length of actual residence therein. The entire

(Column 11) Last permanent residence: This column must show country of last permanent residence. The last country in which alien resided with the intention of remaining indefinitely or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for reporting companies accurately show country of last permanent residence index.

in column 11 should show the country and city or town of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 *Name and complete address of nearest relative or friend in country whence alien came* - If no such relative living, give name and address of nearest relative or friend in country whence alien came.

Column 12 (Name and complete address of nearest relative or friend in country whence alien came). If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (tick

(Column 16) *(By whom was passage paid)*—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

(Column 17) *(Whether in possession of \$50, and if less, how much)*—The answer should give in each case the individual or family the exact amount of money shown. Money brought by the head of a family should

Column 17 (*Whether in possession of, and if so, when and where*).—Money brought by the head of a family should be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where.*)—The entries must show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name, address, and date.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answer to question 33, the Department of Labor has authorized the following:

RECORD OF ALIENS UNDER

205

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Giovanni Mangano, of the DANIE SCHIERI, from Port of, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, and in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply an engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of alien who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

RECORD OF ALIENS HELD

AFFIDAVIT OF SURGEON

I, Giovanni Pardo, Surgeon of the Italian, sailing therewith, do solemnly, sincerely, and truly 16 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the Italian Government, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 2 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens spring and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

RECORD OF ALIENS HELD

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, GIANNI MANGANO, of the S. DANTE ALIGHIERI, from Naples, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 23 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Gianni Mangano
Immigration Officer.

Sworn to before me this April 15 day of 1914, 19

at New York

John H. Montgomery
Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head for status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply an engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people assigned in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence thereon. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of each relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to each final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend, steamship company, etc.

Column 17 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Giovanni Basso, Surgeon of the Italian, calling this with 16 years' experience as a Physician, do solemnly, sincerely, and truly swear that I have had 16 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of The Italian Government, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not merely as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the heading of country does not mean "French" by race or people, and, similarly, "French" appearing under the heading of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by the head of race or people does not mean "France" by country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi, and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend, steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1899-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 23, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Grandi M. A., of the SS. ALIGHIERI, from Naples, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply an engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinina) and their descendants should be classed as "Italian (south)." The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of alien who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States, country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether on possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Giovanni Passo, Surgeon of the 5th Cavalry, (State whether Surgeon "sitting therewith" or "employed by others therewith," as the case may be) 16 years' experience as a Physician solemnly, sincerely, and truly Swear that I have had The 1st Cavalry and Surgeon, and that I am entitled to practice as such by and under the authority of the United States, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the alien must be noted on the manifest before the affidavit is executed.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, , of the SS DANTE ALIGHIERI, from , do solemnly, sincerely, and truly Swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this day of , 19
at NEW-YORK

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Bohemian alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rhaetia, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." (Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.
Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."
Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.
Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).
Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.
Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.
Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.
Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.
Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Note.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

RECORD OF ALIENS

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, , of the SS DANTE ALIGHIERI, from Genoa, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 12 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head for status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply an engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided, with the intention of remaining one year or more, shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1884-1887, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Giovanni Basso, Surgeon of the S/S. "DANTE ALIGHIERI", sailing therewith, do solemnly, sincerely, and truly swear that I have had 16 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Italian Government, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 12 in-number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

RECORD OF ALIENS HELD

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Giuseppe Mangano, of the S. DANTE ALIGHIERI, from Genoa, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 12 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Headless status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply an engineer, polisher, molder, turner, or other indefinite designation.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Friuli) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—A final or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence thereon. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend, steamship company, etc.

Column 16 (*Whether in possession of pass, and if yes, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

I, Giovanni Basso, Surgeon of the S. DANTE ALIGHIER, do solemnly, sincerely, and truly that I have had 15 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the State of New York, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 1 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be made on the manifest before the affidavit is executed. If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, ROBERT MONTGOMERY, of the S. DANTE ALIGHIERI, from Genoa, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 12 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Robert Montgomery
Master

Sworn to before me this 24 day of April, 1912
at Genoa

John R. Montgomery
Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Read, sex status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Ability to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria (Hungary), or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Actual or an intended residence of one year shall constitute permanent residence.

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$30, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

I, JOSEPH V. ... of the S^o DANTE ALIGHIERI, from Genoa, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 12 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age). The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.

A farm laborer is one who works on a farm for the man who operates it. Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

(Column 9) (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully

Special attention should be paid to race and country of birth, and manifests should be carefully studied, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by the census clerks in this regard. For instance, "France" appearing under the heading of country does not mean "French" by race or people, and, similarly, "French" appearing under the heading of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (northern)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants should be classed as "Italian (south)" (Italiani meridionali).—Actual or an intended residence of one year shall constitute

Column 11 (*Last permanent residence*). This column should show the country or an intended residence of one year shall constitute permanent residence. The last country of residence in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that citizenship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and who are not citizens should be recorded as "United States."

are returning from a visit abroad should be recorded: "United States."
 Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket)

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, such as husband, father, brother, or other relative; friend; steamship company, etc.

(Column 16) *By whom was passage paid?*—The answer should give in each case paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

(Column 17) *Whether in possession of \$50, and if less, how much.*—If the answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*) — The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

RECORD OF ALIENS HELD FOR EXAMINATION

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Leopoldo M., of the S. DANTE ALIGHIERI, from MODA, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 12 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Leopoldo M.
Master.

Sworn to before me this Aug 18 1902 day of Aug, 1902
at NEW YORK

John H. Montgomery
Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (*Sex*).—The entry should be either M (male) or F (female).
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (*Ability to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hibernian alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." (Actual or an intended residence of one year shall constitute permanent residence.)

Column 11 (*Last permanent residence*).—The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

RECORD OF ALIENS FIELD

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, DANTE ALIGHIERI, of the Italy, from Genoa, do solemnly, sincerely, and truly that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 1 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this April 19 day of 1924, 19
at NEW YORK

John Montgomery
Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of country does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.
The term "Cuban" refers to the Cuban people (not Negroes).
WEST INDIAN.
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
SPANISH AMERICAN.
"Spanish American" refers to the people of Central and South America of Spanish descent.
AFRICAN (BLACK).
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence thereon. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

RECORD OF ALIENS HELD FOR

AFFIDAVIT OF SURGEON

I, Giovanni Basso, Surgeon of the S. DANTE ALIGHIERI, sailing therewith, do solemnly, sincerely, and truly swear that I have had 11 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of _____, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 1 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Sworn to before me this 18 day of May, 1922,
at NEW-YORK

[Signature]

(Signature and title of immigration or other officer authorized to administer oaths)

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

RECORD OF ALIENS

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Giuseppe Montenegro, of the SS DANTE ALIGHIERI, from Genoa, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Giuseppe Montenegro
MASTER

Sworn to before me this 1 day of April, 1918
at NEW YORK

John R. Montgomery
Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entry in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is undivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence thereon. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of government, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or who is affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, John R. Montgomery, of the DANTE ALIGHIERI, from Genoa, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 1 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this April 18 day of 1921, 19

John R. Montgomery
Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardegnia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 28, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Giovanni Basso, Surgeon of the S. DANTE ALIGHIERI, do solemnly, sincerely, and truly Swear that I have had 12 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the State of New York, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 12 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

Note.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching such beliefs, or in or in opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

RECORD OF ALIENS HELD FOR

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Giovanni Mangano, of the S. DANTE ALIGHIERI, from Italy, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 12 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 10 day of April, 1918
at NEW YORK

John R. Montgomery
Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as craftsman, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Latin dialect of the Italian language.

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence thereon. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend, steamship company, etc.

Column 16 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.
